CELEBRATING SUCCESS

As Christmas approaches, we congratulate all of our students on their grades and successes as their grades represent not just academic achievement but also resilience in the face of challenges and difficulties.

In 2021, as in 2020, Centre Determined Grades were employed and we are delighted that 55 students were awarded a minimum of 3 A* -A grades at A level and 44 students attained a minimum of 10 A*-A grades at GCSE level.

Many of the A level class of 2021 will have completed their first term at university or in employment whilst their GCSE counterparts have, in general, completed their first term of AS study here in Wallace.

We are proud of each and every member of our Wallace family and are delighted by their collective achievements and hope you will enjoy this glimpse into the studies of the class of 2021.
