As the School is a voluntary grammar school, a mandatory capital fee of £140 per annum is currently charged. This is reduced to £70 for the third and subsequent children in a family. This money is used to help finance new school buildings and equipment. Parents are asked to make an additional voluntary contribution of between £80 and £250 to support whole school initiatives and general upkeep of the buildings and grounds. The school’s “Charges and Remissions Policy” outlines optional extras of which parents may avail for their children. It can be found at [www.wallacehigh.org](http://www.wallacehigh.org).

**RESPECTIVE FUNCTIONS OF THE BOARD OF GOVERNORS AND PRINCIPAL IN RELATION TO ADMISSIONS TO THE SCHOOL**

Selection of the intake for Year 8 has been delegated by the Board of Governors to an Admissions Committee appointed by the Board of Governors.

**ADMISSIONS CRITERIA**

The School is a co-educational, non-denominational, Voluntary Grammar School. The School’s enrolment number is 1160 and its admissions number is 170. For transfer to Year 8 the Admissions Committee of the Board of Governors will consider, in the first instance, those children who have taken the Common Entrance Assessment (CEA) provided by the Association for Quality Education (AQE) and who have been awarded a mark in the form of a standardised score. Information on this test is available from the School or on the AQE website [www.aqe.org.uk](http://www.aqe.org.uk)

It should be noted that the Admissions Committee of the Board of Governors will not take into account the position of preference given, to the School, by the applicant on the transfer form. An application from a child who has placed the School 2<sup>nd</sup> in order of preference, and who has not been offered a place in the school of first choice, will be considered in the same way as all first preference applications to the School.

It is the responsibility of the parents of the child applying to ensure that all relevant information is made available to the School.

Applications for Special Circumstances and Special Provisions will be considered first and equally with all applications. (see Appendix 1).

It should also be noted that children resident in Northern Ireland at the time of their proposed admission must be admitted before any child not so resident.

The process for admissions, should the School have more applicants than places available, is as below:-

Allocation of places by the Admissions Committee of the Board of Governors will be made in two stages:-

### **Stage 1**

The results of the CEA will be reported as a standardised score out of a maximum of 140.

The standardised scores of all applicants will be placed in rank order and banded in ranges of a score of 5. Higher scores will precede lower scores ie;

**140 – 136** being the first band,

**135 – 131** the second band,

**130 – 126** the third band,

**125 – 121** the fourth band,

**120 – 116** the fifth band,

**115 – 111** the sixth band,

**110 – 106** the seventh band,

**105 – 101** the eighth band, and so on in ranges of a score of 5.

Places will be allocated to all the applicants in the bands above the band containing the 170<sup>th</sup> applicant.

### **Stage 2**

The remaining places will be allocated from the applicants in the band containing the 170<sup>th</sup> applicant by applying, in order, the criteria below:

- a) Children who are attending the Preparatory Department of the School.
- b) Children who have a child of the family enrolled in the School on the date of transfer.
- c) Children whose twin or triplet sibling(s) has (have) already been admitted to the School.
- d) Children who are transferring from primary schools from which the School has received pupils within the last five years (see accompanying list) and who are the elder/eldest children in their respective families or who are the first in the family to transfer to a mainstream school or who are the only child in their family.
- e) Other children who are transferring from primary schools from which the School has received pupils within the last five years (see accompanying list).
- f) Children \*entitled to free school meals at the time of application.

\* “entitled to free school meals” will mean children who are listed on the Education Authority register as entitled to free school meals at the date on which their parent has signed their post-primary Transfer Form. If a child becomes eligible subsequent to this but prior to the final publication by the Board of Governors of allocated places, i.e. Wednesday, 9 March 2022, the parent must inform the school so that this criterion can be applied to the application.

- g) Random computer generated tie-breaker. The following random selection process, as determined by the Board of Governors and overseen by the Admissions Committee, shall be applied to determine the remaining applications to be accepted:
  - each application to be considered at this stage is allocated a random number electronically generated within Microsoft Excel;
  - the applications are then ranked in order of the random number with higher numbers having preference.

## **Appendix 1**

Guidelines on the arrangements for Special Circumstances and Special Provision.

### **“Explanation of Special Circumstances and Special Provision”**

**The purpose of a claim for Special Circumstances and/or Special Provision is so that a child can be assigned a score equivalent to that which he or she would have obtained in the AQE CEA, under normal conditions. Consideration of a claim for Special Circumstances and/or Special Provision consists of two parts. The first requires the consideration of whether there is, in the judgement of the Admissions Committee of the Board of Governors, sufficient material to permit a child to be considered as having Special Circumstances or attracting Special Provision, or both. If a child is permitted to be considered as having Special Circumstances or as attracting Special Provision or both, the second part of the consideration requires an educational judgement to be made on the totality of the material presented to the Admissions Committee of the Board of Governors so that a score equivalent to that which the child would have obtained in the AQE CEA under normal conditions can be awarded. It is for parents to present all such material as they consider will assist the Admissions Committee of the Board of Governors in performing both parts of the consideration described above. It should be noted by parents that both parts of the consideration referred to involve an exercise in judgement and not precise calculation.**

### **Special Circumstances**

The School has academic performance as its first criterion, subject only to the consideration of medical or other problems which may have affected performance in the CEA and which are supported by documentary evidence of a medical or other appropriate nature. These ‘medical or other problems’ are commonly referred to as ‘Special Circumstances’.

Parents who wish to apply to the School under Special Circumstances **must** complete Form SC21 obtainable from the School or AQE, and upload it with appropriate documentary evidence to the Transfer Form, as detailed below. The content and length of assessment of AQE CEA has been amended to accommodate for Covid related circumstances which have impacted the day to day lives of children, since the beginning of the pandemic in February 2020.

Parents are asked to note that the Board of Governors will not accept a ‘medical or other problem’ which is Covid related as an application for Special Circumstances, in itself, unless accompanied by independent, verifiable and contemporaneous evidence.

### **Details of Medical or Other Problems**

Where it is claimed that a child’s performance in the CEA has been affected by a medical or other problem, it is the responsibility of the parents to set out in the Form SC21 precise details of the problem and must append evidence to corroborate its existence.

Where the problem is a medical one of short term duration, which affected the child only at the time of the CEA, the Admissions Committee of the Board of Governors will give greater weight to evidence that the child was examined by a medical practitioner in relation to the illness at the time of the assessments.

Where the problem is of a non-medical nature the parents should append appropriate evidence. It should be noted that in all cases independent evidence will carry greater weight.

### **Educational Evidence**

Objective documentary evidence must be provided by the parents. This should include the score achieved in the CEA and, where they exist, the results for the child of any standardised test(s) conducted in Year 5, Year 6 and Year 7, and the results in any end of year tests in English and Mathematics in Year 5 and Year 6.

It would be useful for the Admissions Committee of the Board of Governors to have additional comparative information from the primary school. This should include the results (without names) for other children in the child’s Year 7 class of any standardised tests conducted in Year 5, Year 6 and Year 7, and the results in any end of year tests in English and Mathematics in Year 5 and Year 6.

The Admissions Committee of the Board of Governors will consider the application for Special Circumstances. Where Special Circumstances are accepted, the Admissions Committee of the Board of Governors will determine, on the basis of the information available, a score for the child. Such children will then be considered with all other children who have received a CEA score and the admissions criteria applied.

### Special Provision

Parents can apply for Special Provision in respect of:

- i) Children whose parents wish them to transfer from schools outside Northern Ireland.
- ii) Children who have received more than half their primary education outside Northern Ireland.
- iii) Children, entered for the CEA, who because of unforeseen and serious medical or other problems were unable to participate in any of the assessments.

Note: It is expected that all those seeking admission should sit the CEA, with the exception of those children who take up residence in Northern Ireland after September 2021.

Parents who wish to apply to the School under Special Provision should contact the School as soon as possible. In addition, they should complete Form SC21, obtainable from the School or AQE ([www.aqe.org.uk](http://www.aqe.org.uk)), stating the precise reason why they believe the child is eligible for consideration under Special Provision and provide appropriate independent documentary evidence. A copy of SC21 and all the documentary evidence should be attached to the Transfer Form.

The Admissions Committee of the Board of Governors will consider the application for Special Provision. Where Special Provision is accepted, the following procedure will apply:

- the Admissions Committee of the Board of Governors will consider any assessment information, including the child's score in the CEA, if completed;
- the Admissions Committee of the Board of Governors will determine, on the basis of all available assessment information, an appropriate score for the child. The child will then be considered with all other children who have received a CEA score and the admissions criteria applied.

#### Please note:

It is recognised that some parents may feel that their child's case falls into more than one of the above categories. In this instance, all evidence within the relevant categories should be appended to Form SC21.

If an application is accepted by the Admissions Committee as meeting the criteria for (1) Special Provision and (2) Special Circumstances, it will be treated as follows:

#### (1) Special Provision

If the application meets one or more of the three criteria as set out at Special Provision above, Educational Evidence (as defined above under the heading Educational Evidence) will be considered. A CEA score will then be assigned.

#### (2) Special Circumstances

In respect of a further consideration of Special Circumstances as outlined above, Special Circumstances must be contemporaneous to the child sitting the AQE CEA tests. An additional consideration of the already assigned CEA score through Special Provision will not be considered unless there is contemporaneous evidence, which shows that all the educational evidence provided has been impacted by these Special Circumstances.

It is therefore, in respect of an application for both Special Provision and Special Circumstances, the responsibility of the parents to provide Educational Evidence (as defined above under the heading Educational Evidence).

The Admissions Committee of the Board of Governors will not adjust a mark solely on the basis of statements made but not supported by evidence.

The Information Commissioner's website [www.ico.gov.uk](http://www.ico.gov.uk) contains guidance for parents with regard to how to access information held by schools in relation to their child.

It is the responsibility of the parents to attach the requested information to Form SC21.

### DUTY TO VERIFY

The Admissions Committee of the Board of Governors reserves the right to require additional information or evidence, for example educational information, to determine, support or verify information on the Transfer Form. The provision of false or incorrect information or the failure to provide information within the deadlines set by the School can result in the withdrawal of a place and the inability to offer a place on the part of any school nominated on the applicant's Transfer Form.

When considering which children should be selected for admission, the Board of Governors will only take into account information which is detailed on or attached to the Transfer Form. Parents should therefore ensure that

all information pertaining to their child and relevant to the School's Admissions Criteria is stated on the Transfer Form or attached to it.
