

**The Wallace High School**  
Curriculum Policy 2026-2027

## **Curriculum Policy 2026-2027**

The Curriculum Policy is approved by the Board of Governors and implemented and delivered by the Principal and staff of the school.

The policy is developed by the Leadership Team in consultation with the staff. The curriculum meets statutory requirements as identified by DENI.

In order to meet current and anticipated statutory requirements, together with meeting the needs and aspirations of the pupils, the school curriculum is reviewed annually, and proposed updates are brought to the Education Committee of the Board of Governors, and the full Board, in turn for approval.

### **GCSE Curriculum Rationale**

All pupils will follow the core curriculum of English, English Literature, Religious Studies (Short Course) and Mathematics. Pupils will select six additional GCSE from the options blocks as indicated in the subject choice letter.

#### **Further Mathematics GCSE (Linear)**

The top seventy candidates in the Year 10 summer Mathematics examination will be offered the opportunity to study GCSE Further Mathematics. This involves an extra single period of Mathematics in lieu of one period of non-exam PE. The GCSE Maths course is completed in Year 11.

#### **Mathematics (Statistics) GCSE (Linear)**

The top ranked pupils (70-100<sup>th</sup>) in the Year 10 summer Mathematics examination will be offered the opportunity to study GCSE Statistics. GCSE Maths is studied over the two-year period of study.

#### **Religious Studies GCSE (Long / Short Course) (Linear)**

The Religious Studies course is an introduction to Christian ethics exploring personal and family issues, matters of life and death, care for the environment, equality, war and peace. Studying these themes can enhance personal, social and cultural development. It is an opportunity to reflect on and develop values, opinions and attitudes.

## Key Stage 3 Curriculum

(Period allocation in brackets. 1 Period: 35 minutes)

Year 8	
Subject	Periods
Art	2
Biology	2
Chemistry	2
Computing	1
